

## PROJECT OVERVIEW

Beginning in Spring 2018, the Utah Department of Transportation will begin work to add a southbound lane to I-15 between S.R. 201 and 12300 South and expand 7200 South, west of the freeway. The I-15 Southbound project will use \$180 million dollars in state funds, which accounts for the environmental study, design and construction.

## PROJECT BENEFITS

- Upon completion, this project will reduce delays by as much as 10 minutes on southbound I-15 from S.R. 201 to 12300 South in Salt Lake County.
- The modifications to the I-15 interchange at I-215 will improve the movements from eastbound and westbound I-215 to southbound I-15.
- The project will alleviate congestion between I-15 and Bingham Junction Boulevard on 7200 South in Midvale.
